

Joey Christian Bautista

WEB DEVELOPER · SYSTEMS ADMINISTRATOR · TECHNICAL SUPPORT

Zamboanga City, Philippines · yemonstaa@gmail.com · github.com/yemonstaa

PROFILE

Junior web developer, systems administrator, and technical support specialist with hands-on experience supporting business IT environments, dedicated game-server infrastructure, and Discord automation.

EXPERIENCE

IT Troubleshooter — Small Business & B2B Solutions

Sep 2025 — Present

Provides internal and external technical support, maintaining IT systems and client hardware and software deployments.

- Diagnoses hardware, software, and network issues for staff and business clients.
- Configures specialized client hardware and software; performs maintenance, updates, and repairs.
- Responds to support requests to help minimize operational downtime.

EnderHost — Technical Support & Infrastructure Specialist

Jun 2026 — Present

Supports and maintains client game-server environments.

- Troubleshoots server crashes, ticketed issues, Java runtimes, JVM settings, and startup commands.
- Resolves plugin dependencies and version conflicts, and assists with custom server configurations.
- Provides real-time technical support to clients.

SELECTED PROJECTS

MineFront — Owner & Lead Administrator. Provisioned and tuned dedicated Ryzen 9 9950X / 32 GB server infrastructure for a multi-gamemode Minecraft network; configured JVM flags, startup scripts, and Pterodactyl-based server management. Network is in development.

DonkeyVerifier. Discord verification bot focused on challenge-based community entry and spam prevention.

DonkeyLogger. Discord moderation logging tool for message, channel, role, and user activity events.

SKILLS

Systems: Pterodactyl Panel, Linux and Windows Server, dedicated infrastructure, JVM optimization, network diagnostics

Development: HTML, CSS, JavaScript, Java, Minecraft plugins, Discord automation, Git, GitHub

IT support: B2B technical support, hardware diagnostics, client deployment, ticket resolution, onboarding and SOPs

EDUCATION

Bachelor of Science in Information Technology — Zamboanga City State Polytechnic University · 2024–Present
